

Welcome to Los Angeles

Welcome to 'The City Of Angels', bustling epicentre of the world's creativity, home of Hollywood, and the beating heart of America's entertainment industry. Welcome to Los Angeles.

LA is a breathtaking and surreal place to be. Surrounded by incredible 10,000 ft mountains, the second largest city in the United States is located deep in a coastal basin with temperatures soaring to 90°F.

To fully embrace this Mediterranean climate, take in the palm covered Venice Beach or the thriving Santa Monica Pier. Go for a walk in the shoes of a celebrity through Beverly Hills or the *Star Homes Tour*. Check out stars a little further away at the world-famous Griffith Observatory. For inspiration on your doorstep, visit the Cathedral Of Our Lady Of The Angels.

LA boasts some of the biggest and best arenas in the world! Sports fans will be enthralled with the LA Dodgers, Clippers, Lakers, Galaxy and Kings.

It's not hard to understand why LA is known as the Creative Capital Of The World. Of the 18 million people in the greater LA area, one in six work in the creative industry. LA is the home of Hollywood, The Academy Awards, The USC School of Cinematic Arts, Universal, Warner Brothers and The Sunset Boulevard.

This webpage reaches beyond your usual travel blog; *losangeles.io* is your ultimate, one-stop guide to exploring LA's nightlife, events and lifestyle! We dig deeper than just where to go and what to do, providing you with articles that carry you right into the LA experience and culture.
